Subject - Government grant required for water-supply and Town Improvement schemes during 1944-45

Adverting to your letter No L 5692-7, dated the 9th December 1944 calling for submission of proposals on the above subject, I have the honour to forward herewith copies of the three statements already sent to the Director of Public Health with this office letter No L Dis A6.441/44-45, dated the 5th November 1944 for transmission to Government

A copy of my letter to the Director of Public H ealth is also enclosed

Subject - Water supply and town improvement grants for 1944-45

Adverting to your letter No C 141-149 dated the 14th August 1944 on the above subject, I have the honour to forward herewith two statements one showing the grants required for town improvement works and another for water supply improvements works

Another statement showing the names of works for which grants have already been promised by Government during the current years is also enclosed as desired

In this connection I wish to state that the roads in Chitaldrug Town are going from bad to worse and that the drainage is also unsatisfactory The full grant recommended for this Municipality may kindly be sanctioned

In Turuvanur Village of Chitaldrug Taluk, the population is 3500 and proposals for converting the same into a minor Municipality are under correspondence Very keen difficulty is felt for water in this village and the Minister for Local Self Government and Public Health was also pleased to see the difficulty felt by the villagers for water An estimate for Rs 46,230/- has been prepared by the Sanitary Department and it is proposed to take up this work in two stages The first stage will cost Rs 24,380/- The Village Panchayet is not in a position to meet any part of this cost I request that the sanction of Government may be obtaned for meeting the entire cost of the first stage by a grant from Government as a very special case, though this is not a Municipality and thus relieve the sufferings of the people of this village, which has a big population
